```
<div>
  <h2>Not applied</h2>
  <p>CSS applied</p>
  <h2>Not applied</div>
  <h3>Not applied</h2>
  <p>Not applied</p>
  <h2>Not applied</h2>
  <p>CSS applied</p>
</div>
```

# General Sibling ~

- Comparten el mismo padre
- Sibling comes after first element.

```
<div>
  <h2>Not applied</h2>
  <p>CSS applied</p>
  <h2>Not applied</h2>
  <h3>Not applied</h3>
  <p>CSS applied</p>
</div>
```

# Child >

- Second element is a direct child of first one

```
<div>
  <div>Not applied</div>
  <p>CSS applied</p>
  <div>Not applied</div>
  <article>
    <p>Not applied</p>
  </article>
  <p>CSS applied</p>
</div>
```

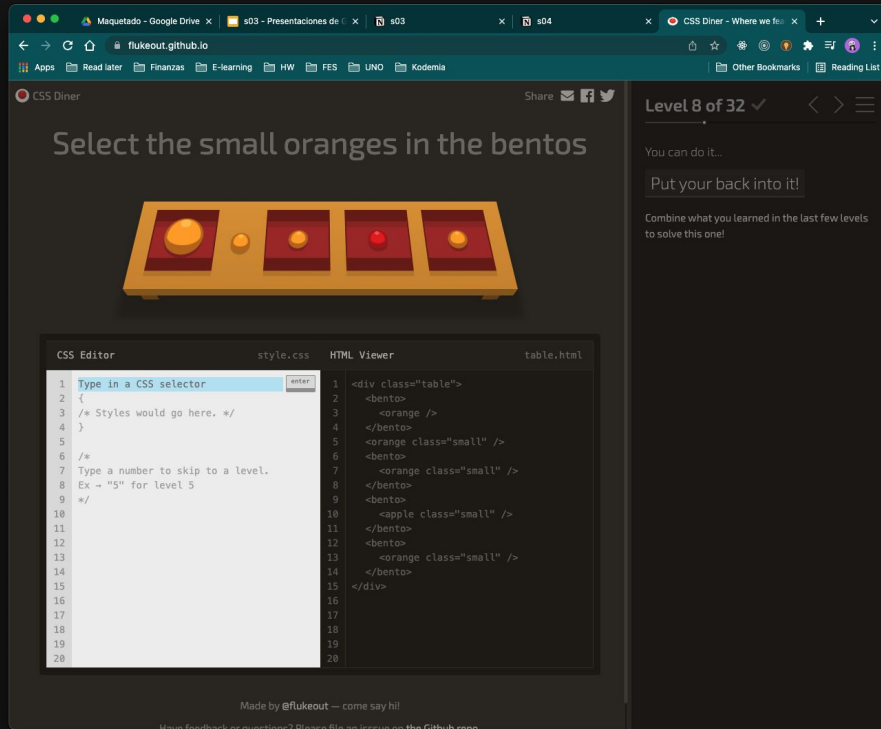

# Descendant ‘ ‘

- Second element is a descendant of first one

```
<div>
  <div>Not applied</div>
  <p>CSS applied</p>
  <div>Not applied</div>
  <article>
    <p>CSS applied</p>
  </article>
  <p>CSS applied</p>
</div>
```

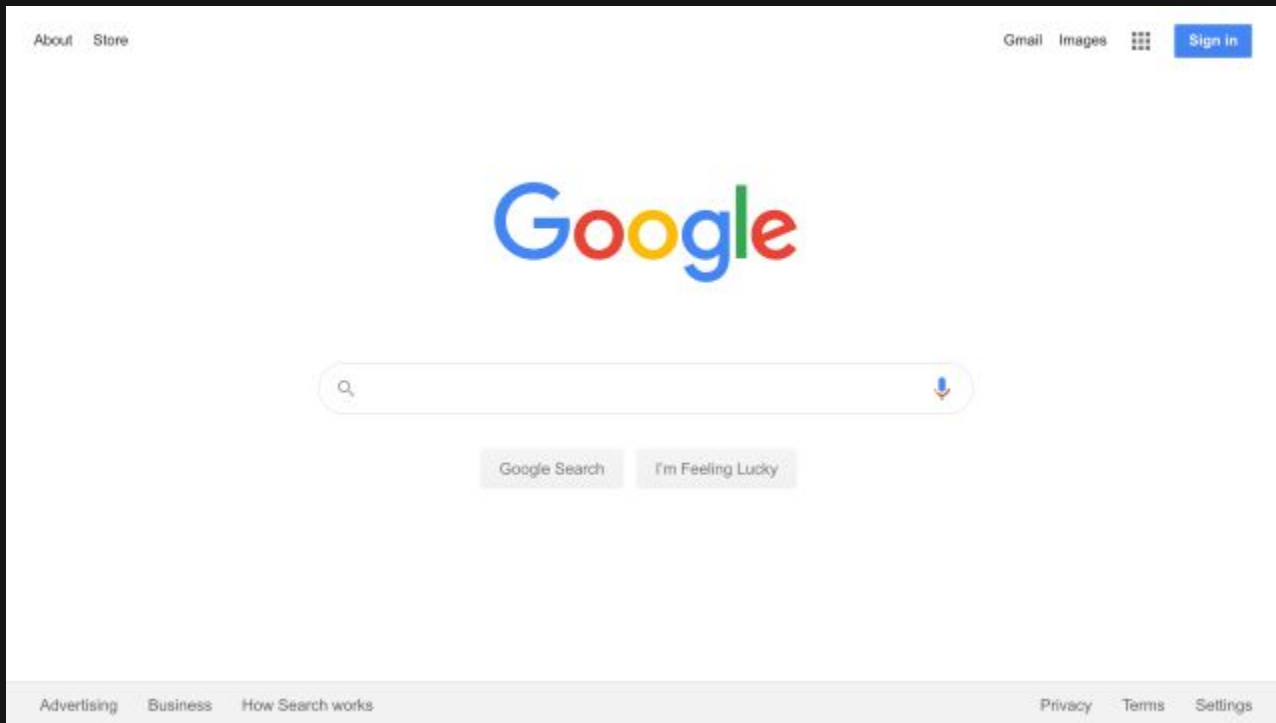

# Reto 00: CSS Diner

# Code class: Google

# Reto 01: Netflix-clone
